REASON Today as the morning Nurse was dispensing medication I was given 3 multicolored capsules to take. I know my medication has been changed to a Noroxic Analgesic and HCZT. This was not what I expected, I asked the Nurse what was it, She was unprofessional and vulgar in her language and said I didn't have the time to find out. She should be fired with some ~~one~~ ~~help~~ serious about their job!

She should be replaced.
Someone certidly could receive the wrong medication under her care!!
